

***PDnPJs NOW AVAILABLE TO ALL  
SHERIDAN DIST 1 STAFF***

Now Offers ***Professional Development in Your Pajamas (PDnPJs)*** which is an engaging online, self-paced, high-quality learning program which promotes the development of a broad spectrum of technological proficiencies.

***PDnPJs*** is a web-based program, which means you can access it from ANY online computer at ANY time: after school, at home, at the library, or best of all even in your pajamas. This kind of anytime/anywhere professional development places you in control of what and when you learn. And if you have already mastered a topic? The program allows you to move ahead to what you don't know.

Here are just a few of the courses you can take:

- Microsoft Office Suite (2003/2007)
- Integrating Technology into the Classroom
- Meeting the National Educational Technology Standards for Teachers (NETS-T)
- IC3 preparation Includes Computing Fundamentals and Key Applications
- WEdGate Portal Products including INFORM, Success, Nettekter, Schoolnotes, Thinkfinity and much, much more

Are YOU interested in pursuing this type of professional development? NEED CREDIT, Classroom/Office techno-gadgets, or maybe a few \$\$\$\$'s to get you thru the last of summer?!! Incentives are negotiable and will be offered for those who complete the required coursework and submit evidence of skills learned. Class fee's will be paid by Title IID Grant monies, for teachers wanting UW Credit, credit fees will be the responsibility of the participant (\$40). PTSB also available.

To begin, you must attend ONE of the BRIEF orientation sessions (yes, they are at Central Office!), which will be held on Wednesdays, beginning July 25<sup>th</sup>, August 1<sup>st</sup>, and August 8<sup>th</sup> at 9am. And, YES, you can come in your pajamas! SO, PLEASE, RSVP..... (as I will be serving lattes & breakfast snacks).

Once school starts you are welcome to attend facilitated Friday Morning sessions (schedule to be announced) to assist you in obtaining your goals in Technology Professional Development using these courses.
